## STORM KING.

He Again Pays a Visit to Several Kansas Towns.

No Lives Lost, But Much Damage to Property at Arkansas City.

A Genuine Twister Passed Near Emporia, and One Man Is, Perhaps, Fatally Injured—A Cyclone Passes One Mile West of Burlington, Kan.

St. Louis, May 22.—Specials from various points in Kansas bring details of disasters by cyclones Wednesday night. At Arkansas City, Kan., settlers living in the strip five or six miles southeast of this city Thursday reported that three different cyclone clouds swept their section of the country. No lives were reported lost, but much damage has been done to fences and crops, and on the Drury cattle ranch 20 head of cattle were killed.

At Emporia, Kan., about six o'clock Wednesday night a funnel-shaped cloud was noticed south of the city. Thursday morning it was learned that a genuine twister passed from southwest to northeast, about five miles south of here and near the town of Olpe, passing directly over the ranch of the Hughes Brothers, tearing a portion of their dwelling house to pieces and throwing it across the Santa Fe tracks. The barn, corn cribs and outhouses were all blown away. Wm. Hughes was caught in the wreck of the barn and it is supposed that he is fatally injured.

At Burlington, Kan., a cyclone passed one mile west of the city Wednesday evening, tearing down a building on the farm of W. H. Clark. The people here had a fine view of the cloud and watched it from the time it formed until it went to pieces north of the city. It was funnel shaped and moved with great speed.

Death of Ex-Senator Wallace. New York, May 22.—Ex-United States Senator Wm. A. Wallace, of Pennsylvania, died at 7:35 Friday morning at 270 West Eighty-eighth street, this city. Mr. Wallace had been seriously ill for several months, and for a month past he had been unconscious for the greater part of the time.

The Gold Reserve. WASHINGTON, May 22.—The treasury gold reserve at the close of business Thursday stood at \$111,873,501. The day's withdrawals were \$45,300.

## UNPOPULAR.

The Sentence of Fifteen Years' Imprisonment Imposed Upon Reform Leaders Meets With Disfavor.

PRETORIA, May 22.—The sentence of 15 years' imprisonment imposed upon the leaders of the Johannesburg reform committee, who were originally sentenced to death for high treason, is regarded with disfavor by the public here, and has caused a great revulsion of feeling among the Afrikaners. It is felt that the government has lost the chance of uniting the opposing sections of the population in the Transvaal, and that the evil consequences will be incalculable. It is creditably stated that President Kruger for three days, persistently urged the executive council to substitute fines for imprisonment in the cases of all the prisoners, but that he was overborne by a majority of the council.

LONDON, May 22.—The Times Friday publishes a long dispatch from Pretoria detailing the excitement arising from the heavy sentences imposed upon the members of the reform committee. The dispatch says that the wildest kind of talk is indulged in and that the situation is critical. The foreign residents of the Transvaal are dismayed. They are convinced that Great Britain will not meddle with their affairs or with the sentences of the prisoners.

## F. J. LARION.

An American, Arrested in Cardenas—Consul Williams' Attention Called to the Matter.

HAVANA, via Key West, May 22.—Friday last Francisco J. Larion, an American and owner of the Precios estate near Cardenas, was arrested in that city. The cause of the arrest is unknown. He is still incommunicado, deprived of communication with outsiders.

The vice-consul has taken up the case and reported the fact to Consul Williams.

The advance guard of Gomez, it is reported, crossed the Hanabana river Thursday. It is rumored here that Gomez has defeated Col. Segura. It is also reported the whole Spanish column was encircled and Col. Segura taken a prisoner.

## Garnier Defeats Ives.

CHICAGO, May 22.—Albert Garnier's handicap of 300 points again proved too much for Frank C. Ives in the billiard match Thursday night between these players. The score stood 300 to 477 at the end of the Belgian's 25th inning.

## Triplets.

LIMA, O., May 22.—Wednesday night Mrs. Alonzo English presented her husband with triplets, two boys and a girl. About two years ago she presented him with a trio of boys.

## WEYLER'S EDICT.

Exportation of Tobacco From the Island of Cuba Prohibited.

Olney Instructs Minister Taylor to Make a Vigorous Protest.

Cigar Men of Tampa Alone Have \$700,000 Worth of Tobacco in Cuba—It Will Be Impossible to Get These Goods Within the Prescribed Time.

WASHINGTON, May 22.—Secretary Olney has instructed Minister Taylor to make vigorous representations to the Spanish government relative to recent edicts prohibiting the exportation of tobacco from the island of Cuba on the grounds that it amounts to the practical confiscation of goods in Cuba owned by Americans. The data on hand at the state department, supplied by the collectors of the Florida ports, show that the cigar men of Tampa alone have \$700,000 worth of tobacco in Cuba paid for and subject to delivery, and that for all the other Florida ports there is as much more. It will be impossible for the merchants to get this property out of Cuba within the prescribed time, and Minister Taylor has been instructed to make such representations to Spain as will secure ample time in which to secure this property. It is believed that the tone of Mr. Olney's note will accomplish this result.

If it does not, other means will be taken. The Spanish government professes that this action is taken in order that Cubans loyal to the government in Havana, engaged in the cigar business, may have the leaf to work with, and that hostility to the United States has nothing to do with it. A resolution has been prepared and if within a few days the state department does not hear satisfactorily upon its protest, the resolution will be passed. It will give the president authority to prohibit, by proclamation, the importation into the United States of cigars and other manufactured tobacco from the island of Cuba. Inasmuch as the greater part of the Cuban cigars are exported to this country, this step will effectively offset the action taken under the edict of the captain general. The resolution will not be brought forward until it is apparent that Spain intends to harass the United States and make it impossible for her citizens to get the property on the island for which they have paid.

## THEY PROTEST.

Commission Men of Milwaukee Oppose the Boycott Placed on the Street Car Companies.

MILWAUKEE, May 22.—The commission men of the city Thursday took the initiative in the movement to resist the boycott resulting from the street car strike, which is now in its third week. They issued a statement to the public, asserting their rights and that of their families, patrons and employees to do business with such persons, and patronize such conveyances as suited their convenience, and gave notice that such right would be defended by all lawful means. The boycott is having a serious effect on all business.

## FATAL ACCIDENTS.

Three Persons Meet Violent Death at St. Louis.

St. Louis, May 22.—John Lambert, aged 35 years, of Boulder, Col., was run over and killed by a train in the railroad yards at Twenty-first street and Scott avenue Thursday afternoon.

Patrick Butler, aged 90, who was on the pension roll of the fire department, was run over and killed by an electric car in the southwestern suburbs Thursday.

Edward George, aged six years, was ground to death by an electric car at Seventh street and Russell avenue Thursday afternoon.

A Platform With But One Plank.

LABAMIE, Wyo., May 22.—The Wyoming democratic convention held here Thursday was harmonious and tame. Without discussion a platform of but one plank was unanimously adopted as follows: "It is resolved that we, the Democracy of Wyoming, in convention assembled, demand the free and unlimited coinage of silver and gold as primary redemption money at the ratio of 16 to 1, without waiting for action of any other government."

No Gold Bonds Will Be Issued.

LINCOLN, Neb., May 22.—Editor W. J. Bryan Thursday won his suit in the district court enjoining the city from issuing something over \$500,000 in gold funding bonds. Mr. Bryan did not question the legality of the bonds only so far as the gold provision was concerned, he maintaining that coin bonds were sufficient. Judge Holmes sustained this view in so far as it referred to payment in gold and made the injunction perpetual. The case may be appealed.

Ten Months' Internal Revenue Receipts.

WASHINGTON, May 22.—Internal revenue receipts for the past ten months aggregated \$121,660,570, an increase over the like period of 1895 of \$1,008,196. As compared with the ten months of 1895 receipts from spirits show a decrease of \$1,390,392; tobacco an increase of \$1,031,216; fermented liquors an increase of \$2,027,587; opium and opium products a decrease of \$194,054; and miscellaneous a decrease of \$183,219.

Unknowns Vessel Founders.

MONTVIDEO, May 22.—A Kosmos line steamer which arrived here Thursday reports that she saw a large unknown vessel founder on the night of May 14 off Pombroke Light. All on board are supposed to have been lost. The heavy weather prevented the steamer from rendering any assistance.

## RE-ELECTED.

Rev. D. H. Moore Remains Editor of the Western Christian Advocate.

CLEVELAND, O., May 22.—Bishop Andrews, the senior bishop of the Methodist church, presided at Friday morning's session of the general conference. Portland, Ore., was selected as the place for the last of the Episcopal residences.

It was decided after much discussion that the bishops should select their places of residence in the order of seniority. Bishop Goodsell was granted a leave of absence in order to go to Europe on a tour of inspection. He will look after the consolidation of the two churches in Germany.

A memorial to 32 different nations and rulers on the subject of arbitration was adopted. When the election of Dr. Buckley as editor of the Christian Advocate was announced the delegates and galleries gave him an ovation. It was fully five minutes before the house could be quieted. Dr. C. W. Smith, of Pittsburgh; Dr. Levi Gilbert, of the First church, Cleveland, and Rev. Dr. Muller, presiding elder of North Ohio conference, were placed in nomination for editor of the Pittsburgh Advocate. The last two named represented two different factions in local church circles, and are not on very good terms personally. Dr. Muller withdrew.

C. W. Smith was elected on the first ballot. The vote: C. W. Smith, 370; Rev. Dr. Gilbert, 66.

The following officers were elected: Secretary of the Sunday-school Union and Tract society, Merritt Hulburd, of Wilmington; secretary of the board of education, Charles H. Payne, of Cincinnati; editor of the Methodist Review, W. V. Kelly, of New York; editor of the Christian Advocate, Rev. Dr. J. M. Buckley, of New York; editor of the Western Christian Advocate, David H. Moore, of Cincinnati; editor of the Northwestern Christian Advocate, Arthur Edwards, of Chicago; editor of the Central Christian Advocate, Jesse Bowman Young, of St. Louis; editor of the Pittsburgh Christian Advocate, C. W. Smith; editor of the North Christian Advocate, J. O. C. Sawyer, of Syracuse; editor of the California Christian Advocate, W. S. Matthews, of San Francisco; editor of the Apologist, Dr. A. J. Nast, of Cincinnati.

The amusement question will again come up in the Methodist general conference. The committee on judiciary has adopted a report declaring the section of the discipline relating to amusements unconstitutional. A majority report will be presented.

## SENATOR QUAY

Calls Upon Ex-Gov. McKinley at His Home in Canton.

CANTON, O., May 22.—Senator Quay was met at the depot at 10:35 by Gov. McKinley and several Canton friends. Quay was accompanied by Attorney Brown, of Lancaster. The meeting was extremely cordial. The party drove at once to the McKinley home where the senator spent all the time he was in Canton. Except that he came for a friendly visit, Senator Quay would say nothing as to his trip. He left here at 1:31 for Beaver, having reversed his original plan of going there first. At the McKinley home the usual rule of silence was observed.

## The Buffalo Disaster.

BUFFALO, N. Y., May 22.—All Monday night the workmen toiled in the ruins of the Brown building, searching for whatever bodies might still be buried in the wreck. ## BUCKEYE NEWS.

New and Interesting Happenings Within Our Borders.

## GROSS RECEIPTS.

How Can They Be Taxed When There Are None?

COLUMBUS, O., May 22.—A new question arose in the application of the new excise tax law Thursday morning in connection with the filing of returns of the Cleveland & Chagrin Falls Electric Railway Co.

The company states that it was not in operation last year, and therefore has no gross receipts, which the law compels it to report. The tax is for the privilege of doing business this year, but for convenience it is based upon the gross receipts of last year. The appraising board is not authorized to make any other standard. The same is true of other companies which were in operation but a few months of last year. A question will arise in those cases whether the state board can tax such companies one-half of one percent of the whole receipts for the short time they were in operation or calculate what the gross receipts for the whole year would have been from the data given.
